

SCHOOL PROFILE

Niskayuna schools are located in a thriving and growing area for culture and technology. The world-renowned General Electric Research and Development Center and Knolls Power Laboratory are both located in Niskayuna. With a tradition of more than 90% of students attending college, the Capital Business Review regularly rates Niskayuna as one of the top school districts among the 85 in the Capital Region. **Students are now able to take part in a dual enrollment program with the local college, which allows students to study up to three years in a row with the high school.**
