

ABOUT THE DISTRICT

The second largest public school district in the country, the Los Angeles Unified School District serves over 694,200 students with over 45,400 teachers. With a large district like this, there are many different programs for students. Several high schools within the district have won the United States Academic Decathlon. The Los Angeles Unified School District offers their students many opportunities to excel.

FACILITIES

Los Angeles Unified School District Schools have great athletic and academic facilities. As a result of the location, fantastic acting classes and drama societies for students to join are on offer.
